# Implementing a longitudinal data portal with a customized version of Questasy

EDDI12 – Bergen, Norway 4.12.2012 Toni Sissala

# **REQUIREMENT**

## Requirement

- Longitudinal data portal consisting of periodically collected variable-level metadata.
  - Web application.
  - Supports DDI.
  - Helps researchers find, acquire and deposit data.
- > Implemented as a part of a five-year project FSD-Upgrade
- Relieves the workload of our user services by consolidating electronic dissemination of data.

## Requirement

- > Search engine capable of indexing variable-level data
- View showing sequences, means and other statistical measures at variable level
- Login system integrated to FSDs single-sign-on system
- Possibility to manage user roles and ACLs
- > Finding out how a question text differs across waves
- FSD should be able to administer and uphold the system without the need for outside assistance
- > FSD should be able to customize the system

# **EVALUATION**

## **Evaluation**

- > Tools already developed by the DDI community
  - As reference,
  - be applicable through customization
  - or fully implemented with minor changes.
  - License should allow modifications
- > Building our own system vs. customizing an existing one
  - Customizable software has benefits:
    - easy to evaluate against use cases
    - we could develop additional functionality
    - saves the time and effort required to build a system from scratch

## **Evaluation**

- Questasy a web application developed by CentERdata
  - facilitates access to metadata collected within longitudinal studies
  - database model is based on DDI
  - offers a way to link variables between waves of the studies
  - free software, license allows modifications
  - actively developed by CentERdata

## **Evaluation**

- > Additional benefits from Questasy:
  - Browse and categorize study elements by:
    - topics associated with studies
    - concepts associated with variables
  - Access Control Lists limit access for each action per user role
- Conclusion: FSD will be using Questasy as a platform on which to base the longitudinal portal
  - Some customization required

# **DEVELOPMENT**

- > It was already decided that we would
  - brand the layout of the software to reflect the look of our homepage
  - translate the user interface to Finnish.
- > Additional reviews to find out if there are any issues in the software regarding the functions and principals it upholds

- Questasy has an importer for variables
  - Imports OMS-files that can be exported from SPSS
  - Since a study can hold hundreds of variables, this feature is very useful
  - Problem: each imported variable should have a corresponding question presented in a questionnaire. Questionnaires are populated manually.
  - Solution: to develop a question importer that generates questionnaires
- Variables need to be linked to corresponding questions.
  - Problem: manual work done variable by variable
  - Solution: automated group linker –functionality

- Extending the database to contain statistical measures derived from the variables
  - Problem: Questasy's built-in variable importer doesn't support statistical measures
  - Solution: Create a new importer for variables
    - imports DDI2 files
    - supports statistical measures
    - additional benefit: only DDI file required to import both variables and questions
- > Multilingual support for the user interface
  - Not yet in use

- > FSD decided to develop the following features:
  - DDI importer for questions. Supports the generation of a questionnaire.
  - Support for statistical measures: database, CRUD-functionality
  - DDI importer for variables. Supports statistical measures.
  - GroupLinker to automate linking of variables and questions
  - Multilingual support for the UI
  - Branded layout
  - UI translated into Finnish

- Variable Basket feature to work on a Linux server
  - Problem with StatTransfer and ODBC-API: StatTransfer doesn't support ODBC-connections on a Linux machine
  - FSD would like to use the Variable Basket feature. We might be able to replace the back-end with something we could use.
  - Solution remains open
- Interoperability:
  - Second stage of development. Not yet implemented.
  - Integration to the SSO system
  - Integration to the electronic data dissemination system

# **INTEROPERABILITY**

## Interoperability

- Integrate the portal's authentication back-end to a Single-Sign-On system for FSD web services
  - The SSO system is also under development
  - It will use HAKA-federation as an Identity provider
    - HAKA consists of nearly all universities and polytechnics in Finland
- Portal will direct users to download datasets from the electronic data dissemination system (AILA)
  - The dissemination system is currently under development
  - Also a key element of the FSD Upgrade project

# **IMPLEMENTATION**

## **Implementation**

- Consists of three stages
  - I Stage Demo to advertise the upcoming portal:
    - no login / register functionality
    - no downloads
    - already implemented and published online
  - II Stage Interoperability:
    - login system via the SSO for FSD web services
    - possibility to download datasets
    - research interface to collect metadata while the study is in progress
  - III Stage New features:
    - Variable Basket feature with a Linux compatible back-end
    - import / export DDI3

# **SCREENSHOTS**

Kuvaus

Tutkimusaineisto ISSP 2004: kansalaisosallistuminen: Suomen aineisto

Kysymys	Kysymysteksti	Vastaustyyp
1 FSD NO	Aineistonumero (lisätty FSD:ssä)	Numeerinen
2 FSD VR	Aineistoversio (lisätty FSD:ssä)	Numeerinen
3 FSD_PRO	Aineisto on kuvailtu mahdollisimman yksityiskohtaisesti suomeksi ja englanniksi. Datatiedostosta on tarkistettu muun muassa muuttujien jakaumat, filtterimuuttujat, puuttuvat tiedot, muuttujien selitteet ja arvojen selitteet. Tarvittaessa datatiedosto on anonymisoitu.	Koodisto
4 FSD_ID	Havaintotunnus (lisätty FSD:ssä)	Numeerinen
5 LNO	Lomakenumero	Numeerinen
6 K1	Sukupuolenne?	Koodisto
7 K2	Syntymävuotenne?	Numeerinen
8 K3	Oletteko tällä hetkellä Rengastakaa vain yksi vaihtoehto.	Koodisto
9 K4	Asutteko nykyisin yhdessä puolison tai vakituisen elämänkumppanin kanssa?	Koodisto
10 K4B	Olen asunut hänen kanssaan vuodesta	Numeerinen
11 K5	Kuinka monta henkilöä kotitaloudessanne asuu? Yhteensä:	Numeerinen
12 K6	Heistä on 18-vuotiaita tai sitä vanhempia aikuisia	Numeerinen
13 K7	Heistä on 7-17-vuotiaita lapsia tai nuoria	Numeerinen
14 K8	Heistä on 6-vuotiaita tai sitä nuorempia lapsia	Numeerinen
15 [H1] K9	Kotitaloudessa asuvien alle 18-vuotiaiden lasten syntymävuodet:	
16 [H2]_K10	Koulutuksenne ja jos olette tällä hetkellä avo- tai avioliitossa, puolisonne koulutus? Rengastakaa vain yksi vaihtoehto molemmilta numerosarakkeilta.	
17 K11	Kuinka monta vuotta olette käynyt koulua tai opiskellut kaiken kaikkiaan (mukaan lukien mahdolliset yliopisto- opinnot ja pois lukien työharjoittelut)?	Numeerinen
18 K11B	Opiskelen vielä	Koodisto
19 [H3]_K12	Mikä seuraavista vaihtoehdoista sopii Teidän elämäntilanteeseenne ja jos olette tällä hetkellä avo- tai avioliitossa, puolisonne elämäntilanteeseen? Rengastakaa sopivin vaihtoehto.	
20 [H4]_K13	Mikä on Teidän nykyinen tai viimeisin ammattinne tai ammatti, jota opiskelette parhaillaan? Jos olette tällä hetkellä avo- tai avioliitossa, niin mikä on puolisonne nykyinen tai viimeisin ammatti tai ammatti, jota puolisonne opiskelee parhaillaan? Kirjoittakaa ammatti mahdollisimman tarkasti.	
21 [H5]_K14	Missä elinkeinossa tai millä toimialalla työskentelette tai viimeksi työskentelitte? Jos olette tällä hetkellä avo- tai avioliitossa, niin missä elinkeinossa tai millä toimialalla puolisonne työskentelee tai viimeksi työskenteli? Rengastakaa sopiva toimiala.	
22 K15	Mikä on säännöllinen viikoittainen työaikanne keskimäärin?	Numeerinen
23 K16	Mikä on puolisonne säännöllinen viikoittainen työaika keskimäärin? Vastatkaa vain silloin, jos puoliso käy ansiotyössä.	Numeerinen
24 K17	Mikä on ammattiasemanne? (Tai viimeisin ammattiasema, jos ette ole työssä.) Rengastakaa sopivin vaihtoehto.	Koodisto
25 K17B	Jos työntekijöitä, niin kuinka monta?	Numeerinen
26 K18	Onko Teillä nykyisessä työssänne alaisia (tai työntekijöitä), siis sellaisia, jotka ovat vastuussa työstään suoraan teille? Jos ette ole työssä, vastatkaa viimeisimmän työnne mukaan.	Koodisto
27 [H6]_K19	Onko työnantajanne valtio, kunta, valtionyritys vai yksityinen? Jos olette tällä hetkellä avo- tai avioliitossa, niin onko puolisonne työnantaja valtio, kunta, valtionyritys vai yksityinen? Jos ette ole työssä tai puolisonne ei ole työssä, vastatkaa viimeisimmän työsuhteen mukaan.	
28 K20	Oletteko jonkin ammattiliiton jäsen?	Koodisto
